Product information

PI 29/10/13/2026

Instant Glue

Description

Single-component, solvent-free cyanoacrylate adhesive. Bonds various materials in seconds, cures extremely rapidly and has very high bond strength and heat resistance.

Properties

- excellent wetting properties
- high strength
- cures extremely fast
- universal application

Technical data

Color / appearance	colourless, yellowish
Base	Ethyl cyanoacrylate
Curing rate at 23 °C / 55 % rh	5 - 10 s
Density	1,1 g/ml
Odor	penetrating
Flash point	87 °C
Viscosity at 23 °C	100 mPas
Form	liquid
Shelf life	18 months
Optimum storage temperature	10 - max. 23 °C

Areas of application

For bonding plastics, metals, wood, leather and rubber.

Comment

Adhesive is sensitive to frost. Store at room temperature (max. 23 °C).

Application

The components to be bonded must be dry and free from oil films, dirt, paint or other coating materials. Roughen the surfaces for optimum bonding. Processing should be performed at room temperature and an air humidity between 40–60 %.

Available pack sizes

10 g Bottle plastic	3805 DE
10 g Blister	3848 DE
10 g Bottle plastic	23255 EN
